JANUARY 2026 | COMMUNITY DEVELOPMENT

School Spirit Sponsorship Program

Our School Spirit sponsorship program helps fund high school athletic programs in the communities we serve. In January, we visited Asotin High School, Eagle High School, Grangeville High School, and Moscow High School.

Stronger Together.

Community Commitment | January 2026

January Kindness Campaign

We continued our Kindness Campaign by supporting organizations serving families, youth, animals, and first responders across our communities. Our team delivered needed items to Bestowing the Basics in Athol, Hand and Paw Animal Shelter in Eagle, the Lewiston High School HUB Pantry, and Blue Mountain Humane Society. We also had the opportunity to tour these organizations, learning more about their missions and the impact they have in our communities.

Additionally, we visited local fire and police departments in Eagle to deliver treats, connect with first responders, and share information about our upcoming Eagle branch opening. These efforts reflect our continued commitment to meeting practical needs and strengthening relationships with those who serve and support our communities every day.

Boys & Girls Clubs of the Nez Perce Tribe Annual Breakfast Fundraiser

Our team attended the annual breakfast fundraiser hosted by the Boys & Girls Clubs of the Nez Perce Tribe in Lapwai, Idaho. This event supports youth development programs that provide a safe environment, mentorship, and educational opportunities for local youth.

LC State Game Day Sponsor

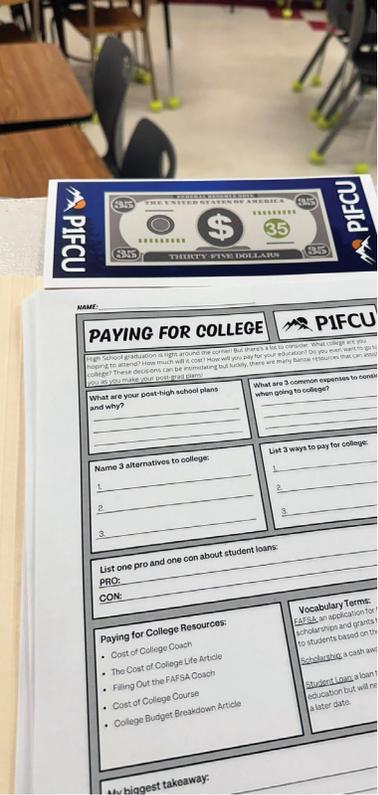

We love showing off our Warrior pride! As part of our partnership with the LC State Warriors, we were the game day sponsor for Men's and Women's Basketball. The evening included giveaways and an invitation for staff and their families to attend the games, making it a fun opportunity to celebrate school spirit and support student-athletes.

CULAC Matching Contributions

As part of the matching donations connected to 2025 CULAC contributions, we presented checks to Lewis Clark Animal Shelter and Northwest Children's Home. These presentations recognize the generosity of our staff through the 2025 CULAC contributions and celebrate the important work these organizations are doing in our communities. The funds help support essential services for vulnerable children and animals in our region.

Financial Literacy Outreach

Our team continued advancing financial well-being through strong community engagement. We delivered six financial education classes and presentations at schools and a public library, reaching students and families across our service area. Locations included Lakeland Middle School in Rathdrum, Idaho; Mountain View Alternative High School in Rathdrum, Idaho; Kootenai Jr/Sr High School in Harrison, Idaho; Tonasket High School in Tonasket, Washington; and Pinehurst Public Library in Pinehurst, Idaho. These sessions reinforced our commitment to equipping youth and community members with the knowledge needed to build long-term financial confidence and independence.

Eagle Food Bank

As part of our focus on building strong partnerships across all of our branch communities, we provided a donation to the Eagle Food Bank to help support local families experiencing food insecurity. This contribution reflects our ongoing commitment to addressing basic needs while strengthening relationships with organizations making a direct impact where we live and serve.

Grilled Cheese

Our team loves being part of the Boys & Girls Clubs of the Lewis Clark Valley Grilled Cheese Program, where we cook up hundreds of grilled cheese sandwiches to serve the hungry after-school crowd. It's a fun and meaningful way for us to support a safe, welcoming space for kids while staying connected to programs that make a daily difference for families in our community.
