

# P1FCU

## OCTOBER 2025 | COMMUNITY DEVELOPMENT

### Joe's House

We love showing our Vandal pride! Our team participated in the University of Idaho's Homecoming Activities and hosted a weeklong QR Code Giveaway on campus. We also enjoyed being at Joe's House passing out Vandal swag and connecting with students, alumni, and fans. There were two home games in October, including the Homecoming game, and our presence helped continue building relationships and visibility on campus.

**Stronger Together.**

**Community Commitment | October 2025**

## Gritman Foundation Pink Cocktail Event

The Pink Cocktail gathering brings the Moscow community together to support cancer care services on the Palouse. P1FCU sponsored and attended this year's event, helping raise funds that support breast cancer screening, early detection, and treatment for patients across the region. Our involvement supports access to critical health services for individuals and families in our community.

## Walk to End Alzheimer's – North Idaho

We sponsored and volunteered at the Walk to End Alzheimer's in North Idaho. This community event raises awareness and funds for care, support, and research for those affected by Alzheimer's and other dementias.

## Cle Elum Take Back Day

P1FCU sponsored and took part in the Cle Elum Take Back Day, supporting local efforts to safely collect and dispose of unused and expired medications. This community health initiative helps prevent misuse, protects waterways, and encourages responsible medication management. Our presence at the event also allowed the branch team to connect with local partners and reinforce our support for community well-being in the Upper County area.

## Family Promise Auction

We sponsored and attended the Family Promise of the LC Valley Annual Auction, and staff members also volunteered during the event. Family Promise provides critical support to families experiencing homelessness, helping them work toward long-term stability. Our participation reinforced our ongoing commitment to supporting organizations that strengthen local families.

## United Way of Treasure Valley Fall Mixer

United Way of Treasure Valley held a fall mixer to raise awareness for students experiencing homelessness and poverty, and we had the privilege of donating hygiene supplies to support the effort. We are proud to be a part of United Way of Treasure Valley Women United, and this event also highlighted Community Schools and the Days for Girls Idaho Chapter. Our involvement supported essential resources for students and strengthened our connection with partners working to meet basic needs in the Treasure Valley.

## Lakeland High School Hawktoberfest Booster Auction

P1FCU showed support for Lakeland High School by sponsoring and attending the Hawktoberfest Booster Auction. The event brings families and community supporters together to raise funds that directly benefit student athletics and activities.

## Trunk-or-Treat Events

We had a spooktacular Halloween by participating in several trunk-or-treat events in our branch communities!

## Idaho PKD Walk

Our Treasure Valley team volunteered at the Idaho PKD Walk this month in support of families affected by polycystic kidney disease. The event raises awareness and funding for research, treatment, and patient support.

## Cash for Classrooms – Highland Elementary

Our September Cash for Classrooms award went to Megan Calkins at Highland Elementary. Her project focuses on creating a more inclusive and supportive learning environment for her students through the use of wobble stools, fidget bands, and sensory bins. These tools help students regulate their energy, stay engaged, and feel comfortable in the classroom. We were inspired by her thoughtful approach to supporting diverse learning needs, and we are proud to help bring her project to life.

## Lewis-Clark State Benefits Fair

Our team participated in the Lewis-Clark State College Benefits Fair, connecting with faculty and staff to share information about P1FCU membership, programs, and financial wellness resources. The fair provided a meaningful opportunity to answer questions, offer support, and continue building relationships with the campus community.

## International Credit Union Day

We celebrated International Credit Union Day with in-branch and staff activities, and hosted Shred Day events at our Nampa, Walla Walla, and Warner branches for members and the community. We also participated in the North Idaho Chapter of Credit Unions' International Credit Union Day Dinner, which benefited Village of Hope in Coeur d'Alene. Village of Hope provides support and resources to children in foster care.

## NISSA Run for the Angels

We were honored to sponsor and be a part of this year's Northwest Infant Survival and SIDS Alliance (NISSA) Run for the Angels. The event brings families and community members together to remember children who have died unexpectedly and to offer support to those who are grieving. Proceeds from the walk benefit NISSA's emotional support programs, which provide resources and compassionate care to families navigating loss.

## Vandal Vendor Fair

At the University of Idaho, our team was present at the Vandal Vendor Fair, engaging with students, faculty, and campus partners. The fair offered a meaningful touchpoint to share information about P1FCU services and financial wellness resources, while continuing to build our ongoing relationship with the university community.

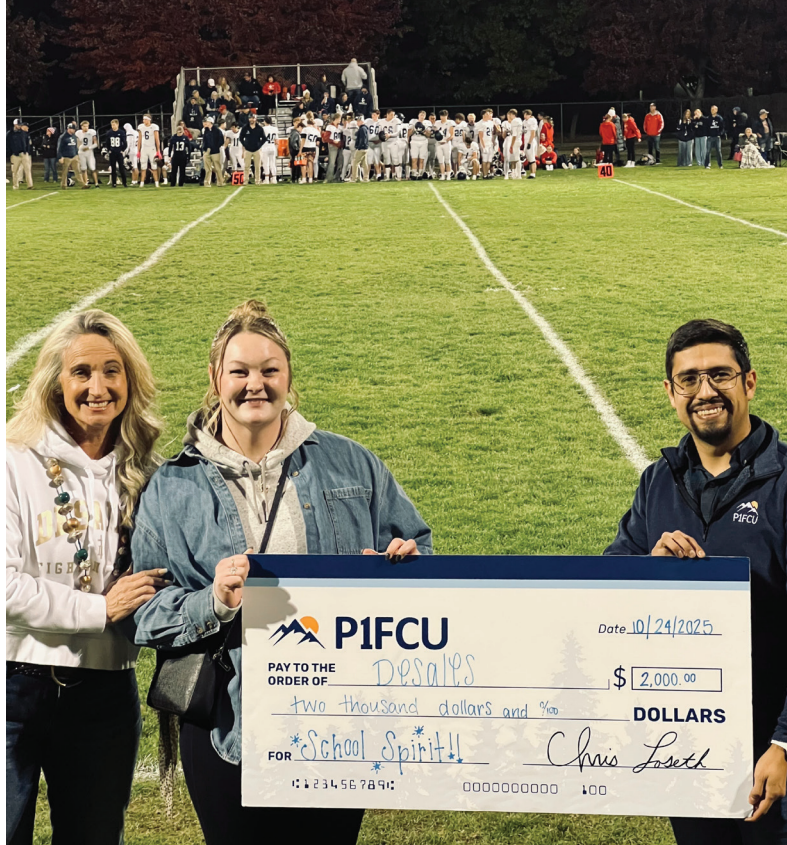

## Kindness Campaign

Through our ongoing Kindness Campaign, we provided needed items to support the Valley Women & Children's Shelter in Nampa, Hope Heals in Walla Walla, and the YWCA of the Lewis-Clark Valley.

## School Spirit Program

Our School Spirit sponsorship program is designed to help fund high school athletic programs in the communities we serve. These partnerships support student athletes, promote school pride, and strengthen our relationships within each community.

## Boys & Girls Club Grilled Cheese Program

We love being a part of the Boys & Girls Club of the Lewis-Clark Valley's Grilled Cheese Program. Each month during the school year, a group of PIFCU staff volunteers spends the afternoon cooking and serving hundreds of grilled cheese sandwiches for the after-school crowd.

## Genesee Big Kettle Cook Off

Our Genesee branch joined the community on October 24 for the Big Kettle Cook Off, preparing and serving soup alongside school and community teams. This annual event raises funds for the Genesee Education Association Scholarship Fund, supporting local students.
